

THE COLLEGE OF  
**WOOSTER**

**ON PURPOSE: OUR STRATEGIC FRAMEWORK**  
**AN UPDATE – IN BRIEF**  
**#2 (2010-11)**  
May 2011

In order to “sustain our momentum,” we have committed to review periodically our progress on our strategic initiatives. This document is our second update on the actions we committed to in the *Strategic Priorities Memo for 2010-11*. In addition to serving as an update, it will serve to inform priorities in each area for 2011-12 and the *Strategic Priorities Memo for 2011-12*.

It remains clearly evident that we have been at work on all of the priorities that we have set for 2010-11. We have made good progress on many priorities; others are more challenging than we anticipated or as we work on them we find more detailed study, planning, or consultation is needed.

*Interpreting symbols of our progress: an up arrow indicates that we believe we are making good progress; a sideways arrow indicates that while we are making progress, we are not making progress as quickly as we might like; a down arrow indicates that we are not making progress and we are revisiting our assumptions (at this time, we have no down arrow indicators).*
